

CS335 Milestone 1

Group 2

March 3, 2023

1 Compilation Instructions

1. Go to `milestone1/src` in the terminal. Follow the commands as follows:

```
cd ./milestone1/src
make
./myASTGenerator ../tests/test$no.$$.java output.dot
```

2. If `output.dot` is to be directed to other directory, mention that with the path.
3. `$no.$` is the test number.
4. To run the dot file, run this to generate postscript file. (`output.ps` with path)

```
dot -Tps output.dot -o output.ps
```
